The Diversity of Businesses Proves that Providing a Well-Balanced 401k Plan for Employees is Possible in Any Industry

SAN DIEGO, Calif. (August 17, 2010) – BrightScope (www.brightscope.com), the leading independent provider of retirement plan ratings, today announced the Top 10 Tampa area-based companies with the highest ranked 401k plans containing more than \$50 million in assets. BrightScope obtains an increasing amount of its data directly from plan sponsors and record keepers, and augments these primary sources with data from publicly available sources such as the Department of Labor and the Securities and Exchange Commission. By analyzing and interpreting this data, BrightScope provides unprecedented transparency into the 401k industry.

“Variations in 401k plans such as the company generosity, menu quality and the amount paid in fees, have a significant impact on a plan’s success over the course of a participant’s career,” said Mike Alfred, CEO of BrightScope. “The Tampa area companies on the Top 10 list have well managed plans, which in the long-run will translate into an earlier, more successful retirement for enrolled employees.”
